

LOVE TO SING?

Join the CHATTANOOGA BOYS CHOIR

-  **LEARN** The CBC has a computer music theory lab and custom-tailored music education curriculum which, when completed, is comparable to a college freshman level music theory knowledge. Choristers expand their skills in musicianship, vocal technique, and ear training, equipping them for a lifetime of music enjoyment.
-  **TRAVEL** As Chattanooga's official "Ambassadors of Goodwill," the CBC tour choir has traveled to over 20 countries and throughout the United States. Recent tours have included Cuba, Costa Rica, New York City, the Piccolo Spoleto Festival in Charleston, SC and a Civil Rights tour in the Southeast.
-  **GROW** Through participation in a choral ensemble and extensive performance opportunities, choristers become confident, independent, responsible citizens and leaders of the future.
-  **PERFORM** With five separate ensembles, the CBC has over 25 performance each season. During your chorister's time in the CBC, they will have unique and unmatched opportunities to perform music from Bach to the Beatles! They will also have the opportunity to work with some of the finest artistic organizations throughout the Chattanooga area. Past collaborative performances include the Chattanooga Symphony & Orchestra and Youth Orchestras, the Chattanooga Choral Society for the Preservation of African-American Song, and many colleges and universities including UTC, Vanderbilt, Florida State, and the University of Georgia.

BE PART OF THE TRADITION
